

LITLINGTON PLAY AREA FACILITIES

Various surveys of Litlington residents have been conducted over recent years to measure the demand for **improved facilities in Litlington for young people**. The last Parish Council survey (2007) demonstrated a high level of support for a Multi Use Games Area and various councillors (and others) have attempted to secure funding for this purpose, since then. To support future funding applications, an up to date survey of residents is required. For this reason, it would be greatly appreciated if you would complete this questionnaire and return it to one of the councillors listed overleaf, or wait for it to be collected on 6th/7th March 2010.
